The Honorable J. Capps.

Please do not vote
to adopt the proposed
broadcast ownership rules.
The media already
controls far too much
of what we see and
hear. Let's not give
them more power.

Sincerely,
Sharon Dean

Dear Chair Powell

I am very concerned re the possible media monopoly that could happen if the plan of enlarging ownership happens. I feel it is vital to have varied points of view especially in regard to news. already you see some visual coverage.

Thank you

SUNSHINE PERIOD

Why is no one holding the networks accountable for the decadence on TV?

It is getting progressively worse all the time I shudder to think of what could be coming. Isn't the FCC the organization we are relying on to enforce the law when it comes to indecency on TV? Please take action!!

Why is nothing happening? The constant barrage of sex, violence and profanity is destroying the minds and Ps of many.

THE UNITED STATES DEPARTMENT OF THE INTERIOR

Dear Commissioners,

Deregulation is not in the public's best interest.

It would allow further mergers of media giants, as well as allow complete saturation of a market by a single entity. This could be a powerful political force if abused. A great deal of the population still depends on newspapers, radio and television as their sole source of information. Do not allow complete control of these sources by conglomerate corporations.

Thank You,
